

SipcamAdvan and AgroSource, Inc. Announce Key Contacts for FireWall™ 17 WP and FireLine™ 17 WP Bactericides

(Durham, NC and Mountainside, NJ) Adam Burnhams, VP for Sales & Marketing, SipcamAdvan, recently announced addition of two personnel who will serve as key contacts for the FireWall™ 17 WP and FireLine™ 17 WP bactericides manufactured by AgroSource, Inc. and distributed by SipcamAdvan. The addition of these two professionals comes in time to better serve customers and growers during the Fire Blight season. Taw Richardson, President of AgroSource, stated that AgroSource is pleased to have these experienced professionals representing its premier bactericide products.

Bill Jacobs joins the SipcamAdvan team of Agricultural Account Managers and will serve, among other responsibilities, as the key contact for AgroSource FireWall™ 17WP and FireLine™ 17 WP bactericide products. Bill brings more than 32 years experience in sales, marketing and sales management with both the row crop and tree fruit industries throughout the USA and Canada. He has performed these duties for Shell Chemical, Stauffer, ICI Americas, UCB Chemicals and AMVAC Chemicals. Bill holds a BS degree in Marketing from Florida State University and is a third-generation ag-chem representative. He's been a resident in the Pacific Northwest for the past 18 years and currently lives in the Portland, OR area.
